

Nutrafinish[®]

Dietary Supplement Coating

High quality, label friendly film coatings for exceptional product finish and branding

Speed your product to market and delight **consumers**

- Turn your tablet formulations into preferred products
- Meet consumer desire for use of naturally derived colorants and ingredients

Specifically designed coatings using label friendly ingredients to add consumer appeal for nutritional, herbal and dietary supplement products regulated as foods.

Nutrafinish[®] coatings can be formulated to exclude use of TiO₂ and still provide an elegant attractive finish for your product.

From Core to Coating,
Naturally Your Supplier of Choice[™]

www.colorcon.com

We know that choosing the right film coating is often complex – but it doesn't have to be.

Thanks to continued innovation by Colorcon we make it simpler than ever to make great tablets.

Easy Swallow

Adds aesthetic appeal and makes tablets easier to swallow with added slip

High Performance

Cuts preparation and coating times; especially suitable for heat sensitive cores

Label Friendly

Best-in-class coatings to meet consumer needs for simple ingredients and clean label

TiO₂ Free Coatings

Alternative formulations designed to address industry concerns and ensure consumer-friendly labelling

Moisture Protection

Ideal for use on hygroscopic cores; protection from environmental moisture, improved product stability and in-use shelf life

Colorcon's natural advantage excipients and coatings are specially designed to meet local regulatory requirements, along with the technical and commercial needs of global nutraceutical and supplement providers.

When you partner with Colorcon, we help you to develop a label friendly nutritional product with the competitive edge needed to drive your business growth.
