

*The Challenge:*

**Assure Formulation Regulatory Compliance**

*The Approach:*

**Take Advantage of the BEST<sup>®</sup> Access to International Standards**

Helping you assure that current and future formulations are securely within the regulatory standards of the countries in which you are marketing, BEST<sup>®</sup> offers you access to a comprehensive assemblage of global guidelines.

BEST<sup>®</sup> is your source for all current compendia and regulations, including:

- United States Pharmacopoeia (USP)
- European Pharmacopoeia (PhEur)
- Japanese Pharmacopoeia (JP)
- Japanese Pharmaceutical Excipients (JPE)
- Food Chemicals Codex (FCC)
- Code of Federal Regulations (CFR)
- EC directives

Other international regulations and compendia are also available as needed.

The processes for requesting and receiving this specialized information are streamlined and direct, so that your needs receive immediate attention, and answers are provided in a timely and professional manner.

**The BEST<sup>®</sup> Global Regulatory Solution:**

By utilizing the extensive experience and knowledge of the Colorcon Global Regulatory Affairs Department, BEST<sup>®</sup> customers can be assured of meeting or exceeding all current domestic and/or international regulatory and compendia standards to rapidly achieve success in their desired marketplaces.
