

GMP Statement

Good Manufacturing Practices

Colorcon Asia Pvt. Limited

Goa, India

The Colorcon Asia Pvt. Limited, Goa facility in India, manufactures a range of dispersion products and distributes other Colorcon manufactured products globally. Colorcon is also the global distributor for Dow Pharma and Food Solutions' products used in controlled release applications: METHOCEL™ premium cellulose ethers; ETHOCEL™ premium ethylcellulose polymers; and POLYOX™ water soluble resins.

Products manufactured at our Goa facility are produced using applicable Good Manufacturing Practices (GMP). Due to the nature of Colorcon's excipient and colorant products, processes are controlled using slightly different techniques than those used for finished pharmaceutical products.

Products are primarily supplied to the pharmaceutical industry and Colorcon Asia Pvt. Limited operates under full pharmaceutical manufacturing license, and is inspected and approved according to pharmaceutical GMP by the Indian Food & Drug Administration.

Colorcon is an active member of the International Pharmaceutical Excipients Council (IPEC) and has aligned its Quality Management System (QMS) with the Joint IPEC-PQG Good Manufacturing Practices Guide for Pharmaceutical Excipients. Colorcon uses this Guide when auditing suppliers.

In addition, the QMS used by Colorcon Asia Pvt. Limited is independently certified as meeting the requirements of ISO9001:2008. The QMS reflects activities associated with both product manufacture and distribution.

The information contained in this document is proprietary to Colorcon and may not be used or disseminated inappropriately.
