

OPTICLENZ™
High Performance Cleaning 

Ensure cleaning doesn't limit your coating capacity

- **Reliable and verifiable** • **Reduces time and effort** • **Improves operator safety**

From Core to Coating, Your Supplier of Choice®

Colorcon

OptiClenz™, High Performance Cleaning

Cleaning and validation are important steps to ensure the maximum use of manufacturing assets and reduce production bottlenecks. To ensure optimal and validated cleaning for coating equipment OptiClenz™, High Performance Cleaning combines the trusted performance of Dober's Chematic® detergents with Colorcon's industry experience and practical application expertise.

Reduce Cleaning Time

Improve Operator Safety

Increase Production Efficiency

Effective Asset Use

Reliable and Verifiable Cleaning for Pharmaceutical Equipment

Colorcon's technical experts provide optimized solutions to help manufacturers establish a cleaning validation protocol following cGMP requirements. Correct post process cleaning ensures that quality issues such as contamination or scuffing of the tablet surface for subsequent batches are eliminated.

Reduce Cleaning Time and Effort

Manufacturers can improve throughput and turnaround time with more efficient cleaning. The process can be specified to meet individual products, equipment, and regulatory requirements - resulting in consistent, effective cleaning and reliable validation.

Improve Operator Safety

OptiClenz cleaning solutions use non-irritant and solvent-free detergents, improving safety for cleaning personnel. Exposure is minimized through shorter cleaning cycles, reduced manual intervention and elimination of re-cleaning.

OptiClenz™, High Performance Cleaning

- Best-in-class
- Boosts production capacity
- Designed for coating equipment
- Improves safety

Deliver High Performance Products - with Colorcon

Choose Colorcon, leader in pharmaceutical solid oral dose solutions, as a formulation partner of choice in every phase of your product development. Our solution capabilities originate from two main areas of expertise:

Film Coatings:

- Optimized formulations specifically for your application and regulatory needs including customized colors and color matching
- Innovative products for mechanical integrity, gloss, pearlescence and environmental protection
- Brand enhancement concepts, consulting and services to build a strong brand image and stand out from the competition.

Formulation Technologies:

- Full range of functional excipients
- Technologies for development and production of delayed/enteric release and extended/controlled release tablets and multiparticulates
- HyperStart® service and extensive applications data to provide starting formulations to save you development time and cost
- Extensive formulation know-how and technical support to achieve the exact drug release profile desired

From formulation and tablet design through product differentiation and branding, Colorcon gives you everything you need to deliver high-performance products.
