

Welcome to Our New Website Platform

Thursday 24th August 2017.

As part of Colorcon's commitment to continuous improvement, we are pleased to share our upgraded website with you. Migration of our website colorcon.com to a new mobile-enabled platform provides technology to improve the visitor experience.

The new platform delivers a more contemporary design and easier navigation, especially when viewed on mobile devices. At this time, you will not see any content or navigation changes.

Login to My Colorcon™ and general access to information remain the same.

Over the coming months, you will start to see subtle design changes to the site, including navigation modification to make it even easier to find information and the addition of new tools to support your business needs.

Our goal is to improve your visitor experience and continue to make it easier for you to do business with us.

We welcome [your feedback](#), so please share your experiences and suggestions to improve.

Thank you for your continued support.

Deborah Taylor

Global Market Communications Manager
