

General Statement

Quality Policy

Colorcon, Indaiatuba

The Colorcon do Brasil Ltda., Indaiatuba facility, manufactures a range of dry dispersion products for supply to the pharmaceutical and nutraceutical industries, and acts as a distributor of other selected products manufactured by Colorcon globally.

Colorcon works together with DuPont through the Controlled Release Alliance to market products used in pharmaceutical applications. Colorcon is committed to providing the highest quality products and services that meet our customers' requirements. Colorcon pursues the aim of ensuring the continued growth and success of the company by using the best available technology, subject to economic viability and by continual improvements in all areas of our business. We have therefore introduced an integrated management system according to ISO 9001:2015, ANVISA's Regulation for Good Manufacture Practices for Pharmaceutical Excipients - RDC-34/2015 and the principles of the current Joint IPEC – PQG Good Manufacturing Practices Guide which documents our processes and with which all employees must be committed. Through the application of our Quality Management System, we aim to ensure the satisfaction of our customers and support continual quality improvements

All necessary resources for the implementation of our company policy are provided. For our customers, we supply the requested Colorcon products, at the agreed quality, with a short lead time, on a reliable basis. In order to achieve this, we determine the requirements and expectations of our customers with the aim of increasing their satisfaction.

The information contained in this document is proprietary to Colorcon and may not be used or disseminated inappropriately.
