Dietary Supplement Coating

High-quality, immediate release film coatings
for improved product finish and consumer appeal.

From Core to Coating
Naturally Your Supplier of Choice™
www.colorcon.com

Nutrafinish® natural advantage dietary supplement coating, is a cost-effective, immediate release coating system specifically developed by Colorcon for nutritional, food and dietary supplement products. These fully formulated aqueous film coatings are available in clear, white or pigmented systems, including lustrous and gloss finishes. Nutrafinish provides food supplement manufacturers with the benefits of film coating, while also addressing increasing consumer demand for non-synthetic, natural ingredients.

Ensure a Superior Finish

- Deliver elegant appearance
- Provide oxygen, moisture and environmental protection to support product stability
- Overcome unpleasant taste and odor
- Reduce tablet damage of soft cores
- Prevent dusting and improve slip during packaging

Efficient and Reproducible Manufacturing Performance

- Ready-formulated systems for aqueous coating applications
- Easy to prepare, apply and clean-up
- Provides batch-to-batch color uniformity for final products
- Scalable across most standard coating equipment
- Save cost-in-use through Colorcon formula and process optimization assistance

Natural (non-synthetic) Colorant Options

- Gain market distinction with range of non-synthetic color options
- Address the regulatory and consumer need for clean label products
- Supply recognizable, high quality consumer products

Regulatory Compliance

- Ingredients carefully selected from commonly used food ingredients or approved food additives, to meet local regulatory requirements
- Non GMO or TSE/BSE implicated

Build a preferred brand image and stand out from the competition.

Deliver consumer focused healthcare products – with Colorcon

Choose Colorcon, leader in pharmaceutical and nutritional solid dose solutions, as your preferred partner, from core to coating. Our innovative products and service capabilities originate from two main areas of expertise:

Film Coatings:

- Optimized formulations specifically for your consumer product and regulatory needs
- Label friendly ingredients, non synthetic customized colors and unique color matching
- Innovative products for mechanical integrity, gloss, pearlescence, and environmental protection
- Brand enhancement concepts, consulting and services to build a strong brand image and stand out from the competition

Formulation Technologies:

- Full range of label friendly functional excipients
- Technologies for development and production of modified release tablets and multiparticulates
- Technical support service and proven applications to save you development time and money

From formulation and tablet design through product differentiation and branding, Colorcon gives you everything you need to deliver high-performance, consumer focused healthcare products.
