## General Statement

### Quality Policy

---

#### Colorcon Asia Pvt. Limited

##### Goa, India

The Colorcon Asia Pvt. Limited, Goa facility, manufactures a range of dispersion products, and acts as a distributor of other selected products manufactured by Colorcon globally. Colorcon works together with Dow Pharma Solutions through the Controlled Release Alliance to market products used in pharmaceutical applications: METHOCEL™ premium cellulose ethers; ETHOCEL™ premium ethylcellulose polymers; POLYOX™ water soluble resins; AFFINISOL™ polymers for solubility enhancement; ENTERACT™ polymers for enteric tablet coatings; AMBERLITE™ and DUOLITE™ ion exchange resins.

Colorcon is committed to providing the highest quality products and services that meet our customers' requirements.

Colorcon pursues the aim of ensuring the continued growth and success of the company by using the best available technology, subject to economic viability and by continual improvements in all areas of our business. We have therefore introduced an integrated management system according to ISO 9001:2015, the principles of the Joint IPEC – PQG Good Manufacturing Practices Guide for Pharmaceutical Excipients which documents our processes and with which all employees are obliged to comply. Additionally, operations are certified to the EXCiPACT Standard for Pharmaceutical Excipient Suppliers. Through the application of our Quality Management System, we aim to ensure the satisfaction of our customers and support continual quality improvements whilst minimizing the impact on the local, national and global environment.

All necessary resources for the implementation of our company policy are provided. For our customers, we supply the requested Colorcon products, at the agreed quality, with a short lead-time, on a reliable basis. In order to achieve this, we determine the requirements and expectations of our customers with the aim of increasing their satisfaction.
