## General Statement

### Quality Policy

---

#### Colorcon, Colombia

Colorcon Sucursal Colombia distributes both products manufactured by Colorcon and Dow Pharma Solutions. Through the Controlled Release Alliance with Dow, Colorcon offers the following products for pharmaceutical applications: METHOCEL™ premium cellulose ethers; ETHOCEL™ premium ethylcellulose polymers; POLYOX™ water soluble resins; AFFINISOL™ polymers for solubility enhancement; ENTERACT™ polymers for enteric tablet coatings; AMBERLITE™ and DUOLITE™ ion exchange resins.

Colorcon is committed to providing the highest quality products and services that meet our customers' requirements.

Colorcon pursues the aim of ensuring the continued growth and success of the company by using the best available technology, subject to economic viability and by continual improvements in all areas of our business. We therefore maintain a management system according to ISO 9001 which documents our processes and with which all employees are obliged to comply. Through the application of our Quality Management System, we aim to ensure the satisfaction of our customers and support continual quality improvements.

All necessary resources for the implementation of our company policy are provided. For our customers, we supply the requested Colorcon products, at the agreed quality and lead time, on a reliable basis. In order to achieve this, we determine the requirements and expectations of our customers with the aim of increasing their satisfaction.
